

**Blower Campaign
Stockton City Council – District 4
Candidate Statement
Primary Election 2016**

Ballot Designation: Businessman/Appointed Councilmember

Stockton can be a great city if we all work together. As your City Councilmember, I am working to create a brighter, more prosperous future for our community.

As a lifelong resident, husband, father, businessman and community volunteer, I believe we can make positive changes in our city. We need safer streets, more high paying jobs and a better quality of life in all Stockton neighborhoods. To achieve these goals, city leaders must listen to the people.

I am proud to have the support of Stockton police officers who know public safety is government's most important responsibility. Our crime rate is still too high, and I will work to put more police on the streets and find innovative ways to retain well-trained, experienced officers who know our city best.

Stockton must also continue to be fiscally responsible and wise stewards of public tax dollars while providing the vital services people expect and deserve. Government must live within its means and make the prudent decisions that will lead to a brighter future for our city.

I am honored to represent you on the Stockton City Council and would appreciate your vote so we can continue to move our community forward together.
